

Summer 2017

Employment Application

Summer Institute @ UCF

Thank you for your interest in applying for employment with the Summer Institute at UCF for this upcoming Summer. SI@UCF—Competitive Programming is an academic summer camp offered through the College of Engineering and Computer Science which runs from **July 9th—21st, 2017**. Approximately 20-30 talented and gifted high school students come to UCF to gain experience in competitive programming. Below are descriptions of the positions that we have available. If you have any further questions about the application process, the program itself or these positions, please contact the Center for Initiatives in STEM at (407) 823-6230. Applications are due **March 3, 2017** by no later than **5pm** in MSB 230 with formal interviews taking place after Spring Break. ***Receipt of an application does not guarantee an interview.***

Qualifications:

Preferred applicants should be (but are not limited to) current College of Engineering and Computer Science students. Preference will be given to those who possess experience and/or interest in computer programming, computer science, information systems and information technology. Experience teaching either in an official role at UCF or at summer camp will also be helpful, but is not required. Applicants must be in good standing at the University of Central Florida and be able to pass a Florida Department of Children and Families Level II background screening.

Summer Institute Residential Assistants

The residential student assistants for this course will be responsible for all on-campus non-academic time supervision of the participants, including, but not limited to, overnights in UCF residence halls, breakfast and dinner and any after-course social programming. RAs will be residing in the community with the participants, serve as the initial contact person for any special situations that may occur and provide additional assistance on select off-campus activities as needed. Specific duties are listed below:

- **Evening Programming and Supervision**
Assist in the planning, facilitation and debriefing of developmental activities for these students primarily during evening hours (approx. 5:00 – 11:00pm), including but not limited to: icebreakers, teamwork activities and social events. Assistants will also provide supervision during informal communal activities during this time.
- **Overnight and Morning Duties**
Maintain direct supervision of students from the conclusion of daily educational activities (usually occurring around 5pm) until they begin again the next morning (approx. 9am). Student evening activities will be limited to their specific residence halls unless otherwise indicated (i.e. common areas and actual rooms) at the conclusion of after-dinner activities, with "lights-out" room checks (making sure students are in their dorm rooms) occurring at 11:00pm.
- **Miscellaneous Responsibilities**
Be available for participant assistance during all specified time periods, and maintain availability by phone 24/7 in case of emergencies. Serve as the initial contact person for any special situations as they occur (including emergencies), and notify appropriate authorities as well as the iSTEM Camp Coordinator and Director during these instances. Be available on an as-needed basis for participant assistance during off-campus activities, if necessary. Assist in other duties as assigned.
