2016 Summer Institute @UCF

Open to pre-college students

Learn alongside UCF faculty and students

Computer Science
JUNE 13 - JULY 1
For high-achieving students who have an interest in learning the foundations of computer science and computer technology.

Competitive Programming
Residential Institute
JULY 10-22
For high-achieving students who have a background in computer science with an interest in algorithms and programming competitions.

Biology
JULY 18-22
For rising junior and senior high school students interested in seeking further understanding of Central Florida’s diverse ecosystems. Includes an overnight field trip to learn about nesting marine turtles.

Physics: Multi-Disciplinary
JULY 25-29
For middle school students interested in learning how to approach problem solving from many different directions.
