

UNIVERSITY OF CENTRAL FLORIDA

UCF SUMMER INSTITUTE 2024

Mathematical Exploration

July 15-19

UCF Main Campus

9:00 AM - 4:30 PM

The Math Summer Institute is a one-week day program for high school students who are interested in mathematical exploration that goes beyond the high school curriculum.

WHAT WILL I BE DOING?

The program will offer hands-on activities, group work, and lectures given by local professors at UCF. Participants will learn about exciting mathematics, discovering new arguments, and explaining insights to their peers. Throughout the program, not only will you engage in deep exploration of mathematics and develop as a mathematician, but you will be immersed in a community of others who share your mathematical talent and curiosity.

Rising 11th-12th grade students may apply

For More Information and to Apply
siucf.cs.ucf.edu

Early applications are due April 12 and must include the online application, school recommendation with official transcript, and teacher recommendation.
